

Hometown Discovery Patch

This patch can be earned in one's own neighborhood. Patches can be earned by doing the following and are available for purchase at all of the Salt Lake Council stores. (All requirements may be done with den, pack, or family. Each boy or leader may choose 6 out of 8 requirements to earn the patch.)

1. List some of the businesses in your community and tell what kind of work or service they do.
2. Learn about a local celebration or community event and attend one.
3. Visit a library or bookmobile in your community and check out a book that interests you.
4. Talk to someone about the history of your community or about an important local tradition.
5. With your den, pack or family, plan and implement a service project to make your community a safer or cleaner place.
6. Learn the name and position of a government leader in your community.
7. Identify a "safe house" in your community. This could be a McGruff House, or a home chosen by your family as a "safe house" where you could go if you were in need of a safe place.
8. Locate official emergency service in your community. Learn how you can contact them.
